## SKILLS

React.js	CSS	PostgreSQL	NPM
JavaScript	REST	Express.js	React Native
HTML5	MongoDB	VS Code	Agile Development

## PROJECTS

### Helio Training Collaborative Project

Nov 2018 – Apr 2019

Larry H Miller Sports & Entertainment Group

#### Web Development Intern

##### Salt Lake City Stars – *React Native*

- Created a calendar system to show team scheduling information
- Implemented SVG component to display logos based on data from GraphQL API
- Coded app navigation to allow both swiping and touch navigating between screens
- Added branding and assisted with creating a consistent look between app and website

### 1280 The Zone – *HTML, CSS*

- Recognizing an opportunity to minimize the impact of a large set of image links, created a slide-in menu to allow for more focused content and quicker access to desired content for the end users.
- Collaborated on the final deployment to the live site as original author of the code.

## PROFESSIONAL EXPERIENCE

### Helio Training- Salt Lake City, UT

Mar 2019 – Jun 2019

#### Mentor

- Teach programming concepts and syntax
- Review student code and guide learning
- Track and evaluate student progress

### iSchool Campus - Salt Lake City, UT

Jul 2013 – Oct 2018

#### Support Specialist

- Created the Style Guide for online course content
- Learned video post-production for multinational distribution
- Managed online course library for Educator Professional Development
- Collaborated with marketing team, development team, content creators and contractors

#### Network Technician

- Installation and maintenance of Structured Cabling and Enterprise Network Devices
- Provided onsite and remote Technical Support, wrote and maintained Help Desk articles
- Imaging and repair of Apple devices, Chromebooks, firewalls, and servers
